

## NANSULATE ADVANCED INDUSTRIAL PRODUCTS

### CASE STUDY

# Nansulate Translucent High Heat

#### Customer

NASCAR Team  
V8 Super Cars Team

#### Location

United States & Australia

#### Product

Nansulate Translucent  
High Heat

#### ISSUE:

Need to prevent transfer of heat between car components in the engine and fuel assembly.

#### SOLUTION:

Nansulate Translucent High Heat is currently being used on cars by two professional race teams. Both teams have seen positive performance enhancement by using Nansulate to insulate components in the engine and fuel assembly to reduce heat transfer and increase horsepower and efficiency.
