Customer

Grupo Modelo Breweries,
makers of Corona

Location

Mexico

Product

Nansulate Translucent
High Heat

ISSUE:

Insulate, reduce surface temperature, protect equipment from corrosion and moisture.

SOLUTION:

Nansulate Translucent High Heat was applied to interchangers and other equipment to insulate, protect against corrosion, and decrease the amount of energy used for equipment processes. Preliminary results showed a 20 degrees Centigrade (36 Fahrenheit) difference after a 3 coat coverage (approx thickness of 7 mils).
